Oliver Lie

oliverlieee@gmail.com ◇ (+45) 22861007 ◇ github.com/Oliverlie ◇ OliverLie.github.io

A passionate programmer who feels enjoyment and fulfillment from the journey of creating software.

EDUCATION

EUC Sjælland, Denmark   August 2018 - January 2023

Diploma, Network Technician

Network administration, system configuration, IT infrastructure, routers and switches, network security

WORK EXPERIENCE

Multi-Tech, Denmark   **2018-2023**
Network Technician

Installed and configured network equipment, including switches, routers, and access points, ensuring reliable connectivity. Set up and managed network protocols such as DHCP, VLAN, and DNS to maintain stable and secure communication. Performed testing, troubleshooting, and optimization to ensure consistent performance and documented all configurations and installations for future reference.

SeeSafe-IT, Denmark   **2024**
IT-Security Consultant

Configured and maintained network systems to ensure secure and efficient operations. Monitored performance and proactively resolved issues, collaborating with IT teams on infrastructure improvements. Provided guidance on secure network practices and maintained documentation for compliance and audits.

NOTABLE PROJECTS

A detailed overview of my projects is available on my website, which is regularly updated with new work (OliverLie.github.io).

Guns Below Game
Designed and programmed a component-based gameplay framework with modular weapon classes, singleton management systems, and AI-driven combat logic in a 3D Unity environment. Implemented using C#.

TECHNICAL SKILLS

Programming languages: C#, C, Python, HTML, CSS, Javascript

Computer software/Tools: Visual Studio, Git, Photoshop, Blender, Substance Painter, Audacity

Frameworks and Engines: Unity, Photon Fusion, Photon Pun2, Mirror, FizzySteamWorks

PERSONAL NOTES

When I'm not in front of my computer developing video games, I spend a lot of my time at the cinema. I have a strong passion for film and make it a point to see almost every new release on the big screen. Outside of that, I enjoy spending time outdoors with my girlfriend and traveling to unique destinations to experience new cultures and environments.

Can fluently communicate in **Danish** and **English**.
